

Attendance Pro, Built for Ohio's HB 96 Policy Deadline

Turn a new chronic absenteeism definition into an early-warning system

What HB 96 Means for Your District

-  **New definition** → “Chronically absent” now means missing 10% or more of the minimum required hours in a school year — replacing the old “excessively absent” model.
-  **New deadline** → Districts must adopt a policy addressing chronic absenteeism no later than Aug. 1, 2026.
-  **New collaboration** → Districts must align practices with county juvenile courts under updated court filing requirements.

So your team can spend less time reconciling hours and more time reaching the students who need it most.

What HB 96 Asks vs. What Attendance Pro Delivers

HB 96 Asks Districts To:	Attendance Pro Delivers:
✓ Adopt a chronic absenteeism policy by Aug. 1, 2026 ✓ Track students against the new 10% threshold ✓ Set parameters for parental reporting and excusing absences ✓ Document absence policies, including health-related attendance ✓ Collaborate with county juvenile courts on aligned practices	✓ Real-time flags to support identifying chronically absent students ✓ Automated, multilingual two-way family outreach ✓ Configurable excusal and documentation workflows ✓ Time-stamped, exportable records for policy and court use ✓ Guided root-cause capture behind every absence

Why Ohio Districts Are Choosing Attendance Pro

Proactive: Flags and surfaces early signals of chronically absent students

Supportive: Replaces punitive letters with real-time, proactive conversation

Connected: Designed to connect with your SIS and easy to export attendance data

Documented: Court- and board-ready records, automatically

---> **Identify, Notify, Document — Without the Manual Work**

Attendance Pro doesn't just track attendance, it makes every conversation about it easier. When your data is clean and your notifications land on time, your team knows exactly where each student stands, what's already been tried, and what your new policy requires next.

 Identify	 Notify	 Document
Find students before they're chronically absent	Make family communication automatic and timely	See the complete picture across your district
• Real-time flags of students missing school • Daily and weekly at-risk reports by school and grade • Automatically trigger SMS outreach at custom thresholds	• Every absence triggers a multilingual two-way text to families • Email messages include include a running year-to-date total, so families see the full picture • Delivery is logged and confirmed, so you always know families heard from you	• Every absence, notice, and intervention is time-stamped and exportable • Excused vs. unexcused reporting built in for state and court submissions • Annual reports ready for your board and your county juvenile court

---> **Your partner in meeting HB 96 and improving attendance conversations**

Districts using Attendance Pro are already building the kind of early-intervention habits Ohio's new definition rewards.

As soon as they said ‘we think this will be seamless and it answers the question you wanted: can we text?’ I was like, seriously, there is a system out there that will do this?

— Clay McDonald, District Attendance Officer, Yukon Public Schools, OK

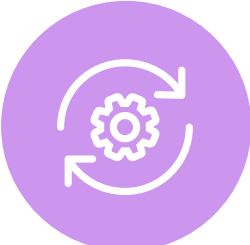

Apptegy epitomizes the face of outstanding customer service. The team has a people-first attitude with a dedication to customer satisfaction."

— Liz Robbins, Director of Communications, Tipp City Schools, OH
